Care Responsibilities

Your TMG IRIS consultant is your partner as you create a plan that meets your needs and stays within your IRIS budget. Your TMG IRIS consultant can connect you to resources in your area, and will be a great source of information for any questions you have about the IRIS program. In a self-directed program like IRIS, you decide who provides your support and services and when they happen. You may have natural support from people in your life, or you may choose to purchase the support you need from an agency or someone that you hire directly. Your TMG IRIS consultant will be there to talk through these decisions with you, and will help you put a plan in place that reflects your choices.

What past experience prepared you to become an IRIS Consultant?

My degree in social work gave me helpful tools to obtain and start my career, but my real-life experience was more beneficial. Through my experience in non-profits and community work, I have gained a lot of patience, understanding, and listening skills when communicating with the people I work with. I also have extensive knowledge about community resources and programs for many aspects of life. I look forward to sharing my knowledge with you.

What do you enjoy doing in your free time?

In my free time, I like to relax at home and cook. I also enjoy creative outlets such as drawing, makeup, crafts, and home renovation.
