Care Responsibilities

Your TMG IRIS consultant is your partner as you create a plan that meets your needs and stays within your IRIS budget. Your TMG IRIS consultant can connect you to resources in your area, and will be a great source of information for any questions you have about the IRIS program. In a self-directed program like IRIS, you decide who provides your support and services and when they happen. You may have natural support from people in your life, or you may choose to purchase the support you need from an agency or someone that you hire directly. Your TMG IRIS consultant will be there to talk through these decisions with you, and will help you put a plan in place that reflects your choices.

Specialties (e.g., working with autism, the elderly, employment for people with disabilities or youth in transition, mental health, experience with assisted technology)

In my previous position, I worked as a Health Coach for three years. I had the opportunity to work with those who are aging, youth, young adults, adults, and people experiencing homelessness. I have a heart for people. I love teaching and helping them make their dreams come true. In 2016, I was working with a youth with several medical issues who became homeless. I spent countless hours looking for resources that would place her in permanent housing so that she could have a major surgery. Months had past, but finally a door opened, and she received housing and surgery. She wrote me the sweetest thank you card, I still have it to this day. This happen three years ago.
