More about me

How do you Partner with people to 'clear the path ahead'?

I partner with people to clear the path ahead by asking the right questions. By gathering all the information, we can find the resources that the person needs to connect with to overcome obstacles.

What's your favorite thing about being an IRIS consultant?

My favorite part of being a TMG IRIS Consultant is getting to know the goals of the people I partner with. I get to help inspire them to reach those goals and be creative in the approach.

What past experience prepared you to become an IRIS Consultant?

My past work with individuals on the autism spectrum has prepared me by finding unique ways to let others help themselves. I have also done previous volunteer work with Spanish speaking immigrants teaching English as a second language. This work helped shaped my perspective of how important it is to connect people with resources in the community, and one new connection can make a huge impact.

What do you enjoy doing in your free time?

In my free time I enjoy spending time with my twin boys. I also enjoy salsa dancing and Latin music, playing guitar, and singing.
