

Your TMG-ICA IRIS Road Map

ADRC

- You started by visiting with your county's **Aging and Disability Resource Center (ADRC)**.
- There is an **ADRC** contact for each Wisconsin county.
- The **ADRC** helped you learn about the long-term care options available to you.

- You chose the self-directed IRIS program as your long-term care option and selected TMG as the IRIS Consultant Agency (ICA) in your area.
- **TMG** is the ICA that operates in all Wisconsin counties where IRIS is available (currently 65 of 72 counties).
- The **TMG IRIS Consultant (IC)** you chose partners with you to help identify supports that meet your goals.

FEA

- An FEA is a Fiscal Employer Agent.
- The FEA helps you pay your employees and providers.
- It is an agency separate from the ADRC and TMG.
- Much of the paperwork you do while enrolled in IRIS will go to the FEA for processing.

Supports

- While you are enrolled in IRIS, you choose and direct your **supports** and services.
- As your goals and needs change, your **supports** can also change.
- Your TMG IRIS Consultant meets with you regularly to discuss resources and ideas to help build your **supports**.
