Authorization process change to physician-administered (j-Codes) medications policy

Effective **July 1, 2024**, Molina Healthcare of New Mexico, Inc. will require prior authorization (PA) for certain physician-administered (j-code) medications for all participating providers.

Please fax a completed New Mexico PA Request Form for the needed j-codes along with any supporting clinical documentation to Pharmacy at **(833) 896-0519**. Please be advised that additional CPT codes may require a separate PA through the Healthcare Services Utilization Management department and can be faxed to (833) 558-6769 or submitted through the provider portal. Our PA forms can be found on our website: **MolinaHealthcare.com**.

Clinical criteria is available upon request. Please call (855) 322-4078.

PA is required before services are rendered. PA status for j-codes (and others) can be found using the PA Lookup Tool which is located on our provider page at Molinahealthcare.com/providers/nm/medicaid/home.aspx.
