Community Based Adult Services Electronic Visit Verification Webinar

This is an advisory notification to Molina Healthcare of California (MHC) network providers inviting all Community Based Adult Services (CBAS) Providers to a Department of Health Care Services (DHCS) informational webinar. Attendees will gain knowledge around Electronic Visit Verification (EVV) requirements and the recently implemented CBAS Emergency Remote Services (ERS) program.

EVV is a federally mandated telephone and computer-based application program that electronically verifies in-home service visits. As a result, this program will aid in reducing fraud, waste, and abuse. The EVV program must verify each type of service performed; the individual receiving the service; the date of the service; the location of service delivery; the individual providing the service; and the time the service begins and ends.

What you need to know:

The purpose of this webinar is to allow Providers the opportunity to ask our EVV teams about registration, training, EVV data submission, and any additional inquiries. This webinar will be an interactive conversation between CBAS centers, Providers, and our EVV teams.
