CHDP Program Portal System Training

This is an advisory notification to Molina Healthcare of California (MHC) network providers applicable to the Medi-Cal line of business.

What you need to know:

On **July 1, 2024**, the Child Health and Disability Prevention (CHDP) program will be phased out to various Medi-Cal delivery systems as part of the CalAIM initiative. As a result of this transition, the Department of Health Care Services (DHCS) is launching a new Children's Presumptive Eligibility (CPE) and Newborn Gateway Presumptive Eligibility (NGPE) portal in alignment with CalAIM.

The CPE online portal replaces the CHDP gateway portal, enabling providers to grant temporary, full scope coverage to eligible applicants.

All qualified providers are **required** to report the birth of a baby with linkage to Medi-Cal and the Medi-Cal Access Infant Program through the NGPE portal within 72 hours after birth or 24 hours after discharge, whichever is sooner.

In order to successfully navigate each portal, DHCS requires providers who will participate in the CPE and NGPE programs to complete online portal training. Please follow the instructions in the **Provider Action** section to access the training.

For more information on the CPE and NGPE portals, please review the DHCS CHDP Transition Plan at dhcs.ca.gov/services/chdp/Documents/CHDP-Transition-Plan-2024.pdf.

Provider Action

Follow the steps below to review the CPE and NGPE recorded trainings:

1. Log into the Medi-Cal Learning Portal at learn.medi-cal.ca.gov/catalog/course.asp?id=3403
2. Search for the training titled "Overview of Children's Presumptive Eligibility (CPE) and Newborn Gateway Presumptive Eligibility (NGPE)"
3. Check the portal for the upcoming trainings

Please take a few moments to participate in our Communication Preference Survey. Your feedback will directly influence Molina's engagement with providers, creating a more seamless and efficient communication experience for our network.

Take the survey at molinahealthcare.surveymonkey.com/r/VS5RGTG!
