EMR Notifications – Member Gaps in Care

Molina is partnering with Centauri Health Solutions to notify providers of member gaps in care. Starting in May 2023, you may begin receiving alerts in the electronic medical records (EMRs) of patients assigned to you who still need services such as an annual wellness visit, a mammogram, a colorectal cancer screening, or an A1c test completed this year. The alerts support streamlined communication of gaps in care information and better patient care coordination.

Thank you for ensuring the best care possible for your patients by taking the time to review the alerts and schedule appointments for patients who are missing services.

Please submit any documentation regarding status and gap closure updates to our confidential fax line - 1-833-892-1133 or send securely to MEIProviderNotify@MolinaHealthCare.Com.

If you need further assistance, please contact Molina Healthcare at 855-322-4076.
Thank you for your continued care to our members!
