

Medicare Home Health Prior Authorizations – June 2022

Important Information for Medicare Home Health Providers

Effective **June 1, 2022**, the first two 30-day certification period after the start of care does NOT require a prior authorization. When a member needs recertification of home health services, Molina will allow a medical necessity review for home health services up to 2 days prior to the date of the submitted Prior Authorization (PA) request. For faster service, request PA via the Provider Portal at <https://availity.com/molinahealthcare>.
