

Provider Memorandum

Update to Coverage for Long-Acting Reversible Contraception (LARC)

Molina Healthcare of Illinois (Molina) currently provides coverage of Long-Acting Reversible Contraception (LARC) for HealthChoice (Medicaid) members under both the medical (provider billed) and pharmacy benefit (dispensed from a pharmacy).

To align coverage with the Illinois Department of Healthcare and Family Services (HFS), Molina Healthcare will **stop coverage of LARCs under the pharmacy benefit effective November 1, 2023.**

Coverage of LARCs under **the medical benefit will continue unchanged.**

These LARCs covered under the pharmacy benefit are currently available for providers to administer to members under the **medical benefit** and will continue without change after November 1, 2023.

- Kyleena IUD (Levonorgestrel releasing IUD)
- Liletta IUD (Levonorgestrel IUD)
- Mirena IUD System (Levonorgestrel IUD)
- Nexplanon IMP (Etonogestrel Subdermal Implant)
- Paragard IUD T380A (Copper IUD)
- Skyla IUD (Levonorgestrel releasing IUD)

Providers can refer to the HFS website Provider Notices page for additional details.
