

Provider Memorandum

Molina's Prior Authorization (PA) Requirements—Second Quarter, 2023

The codes listed below will **require** Prior Authorization. These changes will be reflected on the Molina Healthcare of Illinois (Molina) Prior Authorization Codification List found on the [Molina provider website](#) on the [Frequently Used Forms](#) page, under Authorization Requests. The downloadable document lists the Current Procedural Terminology (CPT) and Healthcare Common Procedural Coding System (HCPCS) codes that require PA.

Important: This memo only addresses codes **added** to the Codification or Prior Authorization grid. Codes removed from the grid that no longer require Prior Authorization are **not** listed here. Providers are **strongly** encouraged to review all updates regularly and confirm whether a code requires PA.

New Updates to the PA Codes

These codes will require Prior Authorization effective **April 1, 2023**:

Advanced Imaging Authorization Requests

Providers are **strongly encouraged** to submit requests in the [Availity Essentials Provider Portal](#). If you are unable to do so, you may submit a request by fax to (877) 731-7218. Use the [Provider Portal](#) to quickly and easily check the status of a request.

Note: Obtaining authorization does **not** guarantee payment. Molina retains the right to review benefit limitations and exclusions, eligibility on the date of the service, correct coding, billing practices, and whether the service was provided in the most appropriate and cost-effective setting of care.

Convenient Tool for PA Codes

As introduced in [this October 2020 provider memorandum](#), Molina has launched a [PA LookUp Tool](#) to help you find the correct codes. It is intended for **searches only** and should **not** be used to make determinations about coverage.

The PA Tool is for outpatient services **only**. All elective inpatient admissions to acute hospitals, Skilled Nursing Facilities (SNF), rehabilitation facilities, or long-term acute care hospitals **must** follow standard Molina Utilization Management notification and review procedures.

MCG for Cite Guideline Transparency

Molina has partnered with MCG Health to implement Cite for Care Guideline Transparency. You can access this feature through [Molina's Availity Essentials Provider Portal](#). With MCG for Cite Guideline Transparency, Molina can share clinical indications with the providers. The tool operates as a secure extension of Molina's existing MCG investment and helps meet regulations around transparency for care delivery.

These guides will show you how to access the MCG feature:
