New Pharmacy Benefit: Flu Shots for Medicaid Members Ages 4 to 18 Years

Effective immediately, Molina Healthcare of Illinois (Molina) has added a new Pharmacy benefit, making flu vaccinations available to all Medicaid members ages 4 to 18 years. Previously, this Pharmacy benefit was available to Medicaid members ages 19 and up only.

Flu shots for this age group are already a covered Medical benefit. Molina has made the shots readily available via network pharmacies to make getting vaccinated against seasonal influenza more convenient for families, thereby increasing vaccination rates.

Providers can direct members to bring their children to any in-network pharmacy for this benefit. No Prior Authorization or member out-of-pocket expense applies. If you'd like additional information, please contact Molina's Pharmacy team at (855) 866-5462.

Questions?

We're here to help. Contact your Provider Network Manager or email the Provider Network Management team at MHILProviderNetworkManagement@MolinaHealthcare.com. For help identifying your Provider Network Manager, visit [Molina's Service Area](#) page at MolinaHealthcare.com.
