IMPORTANT NOTICE

Molina Partners with Cardiology Quality Management Vendor *New Century Health*

Molina Healthcare of MI cares about our members' health and is continually enhancing programs to improve quality of care. We are pleased to announce our collaboration with **New Century Health (NCH)** as the administrator of the Molina Healthcare Cardiology Management program.

Beginning on March 1, 2023, cardiology services rendered in a physician's office, outpatient hospital, ambulatory setting or inpatient (professional services only) will be submitted to NCH for prior authorization. Treatment plans will be reviewed using nationally recognized evidence-based guidelines. This requirement applies to all relevant specialties for your Molina Medicaid, Marketplace, Medicare DSNP, and MMP members 18 years of age and older.

We hope you will find value in the following changes coming with the NCH partnership:

- Real-time authorizations issued for approvable services via the Molina or NCH portal at www.availity.com/molinahealthcare or <https://my.newcenturyhealth.com>
- Ability to confirm member eligibility through the portal prior to entering a treatment plan
- Cardiology physicians on staff to answer your questions
- Telephonic intake available for submitting treatment plans, if needed
- Dedicated NCH Provider Network Manager to use as a direct point-of-contact for any issues or questions

Authorizations issued by Molina Healthcare before March 1, 2023, are effective until the authorization end date. Re-authorization requests must be submitted to NCH; otherwise claims may be affected.

A New Century Health or Molina Healthcare representative will contact you soon to schedule an introductory meeting and training. Should you have any questions prior to the introductory meeting, please call New Century Health at 888-999-7713, Option 6.

Thank you for your participation in our network and for your dedication to the health of Molina members.
