Specialties (e.g., working with autism, the elderly, employment for people with disabilities or youth in transition, mental health, experience with assisted technology)

For the last 10 years, I have enjoyed sharing my knowledge of human behavior, attitudes, and motivation with the people I partner with. I also have a solid understanding of methods of social casework, including those used to obtain reliable social and personal information and develop case histories. I have been an IRIS Consultant for five years, I have been a Functional Screen Specialist for one year. I have also worked for Arkansas Department of Human Service in the Division of Children and Family Service as a Family Service Worker/Case Manager for four years. I love working in the social work field because I love to help improve the quality of life of the people I partner with.

More about me

How do you Partner with people to 'clear the path ahead'?

I believe in empowering others to be as independent as possible by looking at their abilities, not their disability. I believe that empowering one person can lead to empowering others. This in turn can have a positive effect in the community. I look forward to getting to know you and helping you reach those goals.

What's your favorite thing about being an IRIS consultant?

I love meeting new people and learning from them. I love partnering with participants to help them maintain their independent as they see it.

What past experience prepared you to become an IRIS Consultant?

My time as a family service worker has prepared me to be a compassionate and knowledgeable TMG IRIS Consultant. I have developed a strong knowledge of local community services, housing options and other types of benefit programs. My time as a family service worker has helped to prepare me to collaborate with clients to develop service plans and navigate service providers to fulfill various care needs.

What do you enjoy doing in your free time?

I love to go bowling with my family and friends and reading any books that I can get my hands on. I love listening to all genres of music. I have been reading books lately on how to play chess, so now I really wants to learn how to play.
